a **multi**tude of applications

HEALTH & SOCIAL DISTANCING

Screens & partitions

Booths, Cubicles, Kiosks & Pods

Signs & visual communication

In these extremely unusual and difficult times, the quality and versatility of our panels is being discovered in industries that are far from our more traditional markets and we are proud to have maintained production of our material for use in these essential applications. More and more manufacturers and fabricators are identifying ALUPANEL® products as invaluable materials for use in their current projects.

- ◆ Clean easy-peel protective film
- ◆ UV flatbed printable
- ◆ Flat, smooth, uniform surface
- ◆ Easy to clean, resistant to detergents ≤10 pH
- ◆ UV resistant for outdoor use
- ◆ Rigid, lightweight panel
- ◆ EN13501-1, REACH, RoHS certified

ALUPANEL
aluminium composite panel

A dual-sided sheet that can be easily fabricated. Available in one of the widest colour ranges on the market, standard options include gloss or matt colours, brushed, metal and even mirror finishes.

Property					
Panel thickness (mm)	2	3	4	6	8
Skin thickness (mm)	0.3	0.3	0.3	0.3	0.3
Weight (kg/m²)	2.9	3.8	4.75	6.6	8.59

Sheet sizes	
Width	Length
1000	2050/3050
1220	2440/3050
1250	2500/3050
1500	3050/4050
2050	3050/4050

ALUPANEL A-LITE
aluminium composite panel

Excellent print panel with a specially developed digital coating for exceptional ink adhesion and bright, intense printed colours.

Property			
Panel thickness (mm)	2	3	4	6
Skin thickness (mm)	0.2	0.2	0.2	0.2
Weight (kg/m²)	2.6	3.5	4.5	6.3

Sheet sizes	
Width	Length
1000	2050/3050
1220	2440/3050
1250	2500/3050
1500	3050/4050
2000	3050/4050

MULTISHIELD
galvanised steel composite sheets

Magnetically receptive steel composite panel available with a dry-wipe whiteboard or digital print coating. Great for printed screens or maybe partitions that you can write on!

Property		
Panel thickness (mm)	3	6
Skin thickness (mm)	0.25	0.25
Weight (kg/m²)	6.35	9.37

Sheet sizes	
Width	Length
1220	2440/3050

ALUPANEL ECO
aluminium composite panel

A highly efficient, economic solution for short-term flat applications.

Property		
Panel thickness (mm)	2	3
Skin thickness (mm)	0.15	0.15
Weight (kg/m²)	2.48	3.39

Sheet sizes	
Width	Length
1220	2440
1500	3050
